

"The female-specific anatomical features greatly enhance the realism of training, making it more effective for my students."

.....

"This helps facilitate an important discussion about why females do not receive bystander CPR as often as males!"

.....

"The PRESTAN Female Manikin brings a much needed focus on the importance of removing all clothing, including a bra, when using an AED on a woman."

.....

"My students had a positive experience and said they felt more comfortable performing CPR on a woman after being trained with the Female Manikin."

## PRESTAN Professional Female Manikin

## ***Designed to Transform CPR/AED Training***

### ***Building Confidence with PRESTAN***

#### **Unmatched Realism**

Realistic to the eye and the touch, unlike any other CPR Training Manikin on the market, with ability to easily move the breast when applying AED Trainer pads.

#### **Integrated Feedback System**

Equipped with an intuitive CPR Feedback Monitor that allows for instant rate (lights) and depth (click) feedback in the manikin's shoulder.

#### **Inclusive Product Offerings**

Available in medium or dark skin tones and in Single, 4-Pack or 4-Pack Diversity Kits. Replacement skins are also available to upgrade PRESTAN Professional Adult Manikins.

#### **Durability You Can Trust**

Backed by a 3-year warranty, all PRESTAN CPR Training Manikins are proudly Made in the USA.
