

# Which Prestan® Manikin is Right for Me?

## > Professional vs. Ultralite® <

In the market for a new CPR Training Manikin? Which one best suits your needs?

- > For most CPR/AED training classes the obvious choice is **Prestan's Professional series**. Our leading-edge CPR/AED manikin with instant feedback for depth and rate of compressions is the most widely used CPR/AED manikin available on the market.

*Prestan Professional Series Manikins*

- > However, there may be unique times when you need manikins that:

- can be stored in a smaller space
- are lighter to carry up several flights of stairs or over long distances
- set up quickly for teaching a large number of people at once
- need shipped somewhere
- are taken on a plane, train or in a car
- are less expensive

Then the obvious choice is **Prestan's Ultralite® 4-pack** of manikins.

*Prestan Ultralite Manikin 4-Pack*

All of Prestan's products carry a 3-year warranty and are manufactured to the high quality level that you have come to expect from Prestan.
