**Now Introducing**

The PRESTAN® Series 2000 Complete Offering

The full PRESTAN Series 2000 lineup—Adult, PRO+, Female, Child and Infant— represents real people in real emergencies. Each model delivers real-time feedback via the redesigned PRESTAN CPR Feedback App, helping instructors lead more effective, data-driven CPR training.

KEY FEATURES

- **Advanced Feedback:** Compression rate, depth, recoil, ventilation, hands-off time, and chest compression fraction are all displayed in real-time via the *PRESTAN® CPR Feedback app*.
- **Compliant with Industry Guidelines:** The Series 2000 offering meets all the latest AHA and Heart & Stroke Foundation of Canada requirements.
- **Comprehensive Offering:** Advanced feedback is now available for Adult, PRO+, Female, Child, and Infant manikins — in medium or dark skin tones, and in single or 4-pack configurations.
- **Made in the USA:** High-quality design backed by a 3-year limited warranty.

The redesigned *PRESTAN® CPR Feedback App* makes training easier than ever with faster setup, an improved user experience, and real-time feedback—all available in more than 30 languages on iOS and Android devices.
